

**GENERIC UPPER LIMITS (MAC RATES)**

This list states the Arkansas Medicaid’s established State MAC rates. Inclusion in this list does not guarantee coverage or payment by the Arkansas Medicaid Pharmacy Program and is meant for reference purposes only. Non-covered drugs may appear in this list.

Federal Upper Limit (FUL) rates are no longer included in this list. Due to FUL rates being excluded from the list, the drugs listed below may reimburse at a different rate than what is displayed. If this happens, please refer to the CMS website for a list of Federal Upper Limits to validate their rate.

The Federal Upper Limit (FUL) is an established price created by the Centers for Medicare and Medicaid Services (CMS), U.S. Department of Health and Human Services and may be used in State Medicaid Pharmacy Programs’ reimbursement methodology. Additional information regarding the FUL can be found at: <https://www.medicaid.gov/Medicaid-CHIP-Program-Information/By-Topics/Benefits/Prescription-Drugs/Federal-Upper-Limits.html>. For questions about the FUL program, data, or price inquiries on established FUL rate(s), please e-mail [FUL@cms.hhs.gov](mailto:FUL@cms.hhs.gov).
